**RADIOGRAPHY CONSENT:**
In order to best determine the cause and extent of my underlying spinal problems, I hereby give my consent to allow Virginia Family Chiropractic PM, PLLC to take spine and other relevant radiographs as deemed clinically necessary through chiropractic history/examination and in accordance with clinical usage indications as published in the Practicing Chiropractors Committee on Radiology Protocols for Biomechanical Assessment of Spinal Subluxation in Chiropractic Clinical Practice (2009).
We provide you with the same information your insurance gives our billing coordinator. If you have any additional questions regarding your benefits or coverage, please contact your insurance carrier directly.

Co-payments are to be made at EACH visit. If you have a co-insurance, you will pay a portion at the time of each visit. For example if your portion is 10%, you would pay $10 each visit; 20%, you would pay $20 and so on. You may owe an additional amount which we will collect once your claim has been processed.

Patients that have deductibles will be responsible for the contracted rate of your treatment per visit until the deductible has been met. This payment will be applied to your deductible once we receive an explanation of benefits from your insurance carrier. You may owe an additional amount which we will collect once all insurance payments have been applied, or have a credit depending on the claim processing.

Referrals: Insurance companies (HMO’s) sometimes require their members to obtain a referral from their primary care doctor before seeing a specialist such as a chiropractor. It is your responsibility to obtain a referral if needed, and you must do so prior to your scheduled appointment or you will be forced to reschedule. If a referral is not received, you are financially responsible for any charges incurred for that date of service. Be aware that most referral authorizations are good for a certain number of visits and have an expiration date. If you have any questions about obtaining a referral we will be happy to assist you.

The contracted rate is an estimate we have of what your insurance allows. If you have an outstanding balance we will send you (3) statements. If we do not receive payment by the third which is the final statement, further collection action will take place immediately. Should you have any questions regarding the statement, PLEASE CALL US IMMEDIATELY in order to speak with the billing coordinator.

Returned Checks: You will be charged a $40 returned check fee if a personal check is returned for nonpayment.

A fee of $25.00 is charged if you do not cancel at least 24 hours prior to your scheduled appointment time or “no-show.”
